Murder Inquiry Continues

Assistant District Attorney Brothers, in charge of the investigation into the murder of Alberto Alterio, last Thursday in the shadow of Police Headquarters, after Alterio, reputed to be the king of the Italian bootleggers in New York, had left Police Headquarters following a quarrel with a detective, said he had nothing to give out to the press yesterday.

It was learned, however, that interest the law here.

Considerable discussion was devoted to the need of uniform state legislation governing the sale of revolvers. It was held that about one-third of the states have lax laws governing permits. Some of the chiefs advocated legislation limiting the purchase of weapons to permit holders and compulsory registration of the same.

It was suggested that business houses

It was learned, however, that instead of having been shot while dining in a Mulberry Street restaurant, as originally reported. Alterio was shot on the street. It became known also that he was well known in the Criminal Courts Building, having been of some interest in the Mike Giamari murder, the procuring of which caused the arrest of ex-Deputy Street Cleaning Commissioner Michael Rofrano. #### **BALANCE YOUR FOOD WITH MILK**

YOUR stomach is a fire box made to burn the fuel that supplies your body with tissue and energy. A normal stomach works well if supplied with the right sort of fuel. Your difficulty has been that you ate things whether they suited your particular stomach or not.

Select your food with the same care that you select fuel for your furnace or stove.

Begin with milk, then add other foods that your stomach will digest without protest.

Most of the foods you eat are hard to digest and "one-sided." They are incomplete. Alone they could not sustain life. Balance them with milk.
